### **How to Get to Liverpool: BY TRAIN**

Maximise your *tågskryt*\*! Liverpool has an excellent rail connection to London (direct trains 2 hours) and onwards to continental Europe via the Eurostar. Long distance rail travel in the UK can be very good value **if booked in advance**. The cheapest tickets are usually associated with a specific train time; travelling on another train can incur additional cost. Booking on the day is not recommended as this can be very expensive.
