

EASDec Skills Transfer Awards - List of Host Training Centres

Department / Group Name	Host training centre expertise	Trainee type	Lead
DENMARK			
Department of Ophthalmology Odense University Hospital	Image analysis Screening Epidemiology Treatment	Clinical	Professor Jakob Grauslund Jakob.Grauslund@rsyd.dk
GERMANY			
University of Heidelberg Mannheim	Risk factors Molecular mechanisms Animal models Vascular biology	Lab	Dr Yuxi Fen Yuxi.Feng@medma.uni-heidelberg.de
ISRAEL			
Tel Aviv Medical Center Department of Ophthalmology	Clinical management Diagnosis Stem cell lab	Clinical or Lab	Professor Anat Loewenstein anat@tlvmc.gov.il Dr Barbara Gold
ITALY			
University of Milano, IRCCS MultiMedica Clinical Research	Multimodal Diagnosis and Treatment (retinal laser including subthreshold micropulse laser, intravitreal injections, etc)	Clinical	Dr Stela Vujosevic stela.vujosevic@unimi.it
University of Udine Department of Medical and Biological Sciences – Ophthalmology	Diagnosis and treatment Clinical management (retinopathy)	Clinical	Professor Paolo Lanzetta paolo.lanzetta@iemo.eu
Ophthalmology University Vita-Salute	Clinical management (retinopathy) Imaging Treatment Clinical	Clinical or Lab	Professor Francesco Bandello bandello.francesco@hsr.it

Scientific Institute San Raffaele Milan	trials Animal models (in vivo imaging)		
University of Padova	Electro-physiology Function and imaging	Clinical	Professor Edoardo Midena edoardo.midena@unipd.it
THE NETHERLANDS			
Ocular Angiogenesis Group Department of Ophthalmology and Medical Biology, Amsterdam UMC, The Netherlands	<i>In vitro</i> BRB and angiogenesis models, Immunohistochemistry neurovascular unit retina and brain	Lab	Dr Ingeborg Klaassen i.klaassen@amsterdamumc.nl Prof Reinier Schlingemann r.o.schlingemann@amsterdamumc.nl
SPAIN			
Vall d'Hebron Research Institute Barcelona	DMO Diabetic Retinopathy Retina Clinical trials Clinical management (diabetes)	Clinical or Lab	Dr Rafael Simó rafael.simo@vhir.org Dr Patricia Bogdanov draudaondo@gmail.com
UK			
Frimley Health NHS Foundation Trust	Clinical trials Clinical management (retinopathy)	Clinical	Professor Geeta Menon geeta.menon1@nhs.net
Gloucester Royal NHS Foundation Trust	Clinical –Examination, imaging, treatment and surgery Diabetic Eye screening and imaging, diabetic research Imaging, risk factors, screening, treatment Clinical management (retinopathy)	Clinical	Professor Peter Scanlon p.scanlon@nhs.net Emily Fletcher Emily.fletcher5@nhs.net
University of Liverpool	Grading Screening Image analysis Risk	Lab or Clinical	Professor Simon Harding

	factors Epidemiology Clinical management		sharding@liverpool.ac.uk
NIHR Moorfields Biomedical Research Centre	Grading Clinical management (retinopathy)	Clinical	Professor Sobha Sivaprasad sobha.sivaprasad@nhs.net
Queen's University Belfast (1)	Animal models Neurovascular dysfunction Cellular Electrophysiology Advanced Microscopy Pre-clinical retinal imaging	Lab	Professor Tim Curtis t.curtis@qub.ac.uk
Queen's University Belfast (2)	DR pathology Cell biology Immunology Mitochondria treatment Animal models	Lab	Professor Heping Xu heping.xu@qub.ac.uk Professor Mei Chen m.chen@qub.ac.uk
Queen's University Belfast (3)	Image analysis for population based studies and clinical trials in addition to clinical image analysis Clinical management (retinopathy) The diabetic retina in the lab	Clinical / image analysis Laboratory	Professor Tunde Peto t.peto@qub.ac.uk Professor Imre Lengyel i.lengyel@qub.ac.uk
Republic of Ireland			
Mater Misericordiae University Hospital, Dublin	Clinical management of patients in the diabetic eye pathway Diabetic eye screening	Clinical	Louise O'Toole louise.otoole@materprivate.ie
